ARVIN T. VAJE

#72-A Central Kalayaan Balagbag
Pasay City
Mobile No. +639459854111
Email Address: arvinvaje26@yahoo.com

Objective:

Self-taught Front-End Developer with a strong foundation in design principles (Figma) and a passion for building modern, interactive web applications. Adept at leveraging React.js, Next.js, Tailwind CSS, and Sanity CMS to create user-centric interfaces and efficient workflows. Eager to contribute to a team and leverage my skills to bring innovative projects from design concept to a functional reality.

Skills:

- **Front-End Development:** HTML5, CSS3, JavaScript (ES6+)
- **UI/UX Design:** Figma
- **JavaScript Frameworks:** React.js, Next.js
- **CSS Frameworks:** Tailwind CSS
- **Content Management Systems:** Sanity CMS
- **Version Control:** Git
- **Additional Skills:** Responsive Design, Accessibility Best Practices

Education:

AMA Computer College BSIT - undergraduate
2001-2003

Experience:

Frontend Developer

Digila Web Create Studio - Japan   Nov. 13, 2023 – Till Present

Freelance

- Develop responsive and pixel-perfect frontend solutions based on provided design mockups and wireframes.
- Write clean, modular, and maintainable code using HTML, CSS, and JavaScript.
- Familiarity with version control systems such as Git.
- Strong attention to detail and a passion for creating polished user interfaces.
- Integrated RESTful APIs to fetch and display dynamic content on web applications.

Frontend Developer

Appscale - Philippines   Oct. 29, 2023 – Till Present

Freelance

- Developed responsive web applications using Next.js and React, adhering to best practices and modern design principles.
- Collaborated with UX/UI designers to translate wireframes and mockups into interactive web experiences.
- Implemented state management solutions such as Redux for complex data flows within applications.
- Optimized web performance through code splitting, lazy loading, and other optimization techniques.
- Integrated RESTful APIs to fetch and display dynamic content on web applications.

Projects:

- **Project Name:** OSAPS - freelance
    - **Technologies Used:** NextJS, Tailwind CSS, Airtable
    - **Website link:** https://osaps-front-end.vercel.app/
- **Project Name:** Cloudeats - freelance
    - **Technologies Used:** Next JS, Tailwind CSS
- **Project Name:** Artlines – personal project
    - **Technologies Used:** Next JS, Tailwind CSS, Sanity CMS, Firebase
    - **Website link:** https://artlines-project.vercel.app/
- **Project Name:** Netflix clone– personal project
    - **Technologies Used:** Next JS, Tailwind CSS, Firebase
    - **Website link:** https://netflix-clone-build-98a86.web.app/
- **Project Name:** Ecommerce Site – personal project
    - **Technologies Used:** Next JS, Tailwind CSS, Sanity CMS
    - **Website link: https://nextjs13-ecommerce.vercel.app/**

Additional Information:
